

Designed for Joy

HR-V

Bringing Joy to life.

The HR-V is joyful in every sense of the word. The first thing you'll notice is its elegant design. How effortlessly it captures everyone's attention. Dig a little deeper, and you'll find a stylish and considered interior – the kind that

gives you the space to find your own brand of joy. So, treat yourself to the joyful driving experience the HR-V has to offer. Because when it comes to life, you can never have too much joy.

HR-V

DAZZLING

Beaming with Joy.

Inside and out, the HR-V is full of head-turning touches that help you make the most out of every moment.

18" Alloy Wheels

Add a little more joy to your drive with a slimline design that enhances road presence.

LED Combination Headlights

Automatic dusk-sensing LED headlights, daytime running lights and turn signals make for one stylish and functional package.

LED Fog Lights*

Stunning fog lights that add presence to the grille and brilliantly illuminate the path in foggy conditions.

Black Leatherette Seats with Fabric*

Be comfortable in any climate with black leatherette seats that never go out of style.

Privacy Glass with Hidden Handles

Cleverly integrated rear door handles for 5-door versatility with 3-door style. Plus, rear Privacy Glass for that extra bit of comfort.

A new generation of self-charging

HYBRID

e:HEV

2-Motor i-MMD Hybrid System

Unlike traditional mild-hybrids, the e:HEV L's engine aids the electric motor – not the other way around. The result? A smoother, more joyful driving experience.

Regenerative Braking

Forget charging stations. The e:HEV L takes the energy you generate from braking and turns it into electricity that charges its own battery. Handy.

Fuel Consumption

Go further for less. With e:HEV technology at the helm, you can expect 4.3L/100km[#].

Reduced Emissions

With fewer pollutants and only 98g/km[#] emissions, the Hybrid HR-V is another step towards a greener society.

The HR-V's intelligent hybrid system seamlessly switches between three modes to give you optimal performance.

Electric Drive

Delivers instantaneous acceleration from stationary using the energy stored in its battery.

Hybrid Drive

Where the petrol engine and electric motors work together to provide a joyful driving experience.

Engine Drive

Uses the petrol engine to help you maintain high speeds while also charging the battery at the same time.

**Hands-Free Power Tailgate with
Walk Away Close#**

Open and close your boot with a gentle kick of your foot. And walk away with confidence, knowing that your car will be locked and secure.

VOILA

Overseas model shown. #Hands-Free Power Tailgate available on e:HEV L only.

More toys, more joy.

9-inch Touchscreen with Android Auto™# and Wireless Apple CarPlay®‡

Get directions, make calls and interact with some of your favourite apps – all while staying focused on the road.

Dual-Zone Climate Control with Rear Vents*

Individual zones keep your friends and fur babies nice and comfy. And with clever L-shaped vents, it'll feel more like a gentle breeze than a gust to the face.

Multi-Angle Reversing Camera with Dynamic Guidelines

Get a better view of what's behind you with normal, top-down and wide angles. Plus, Dynamic Guidelines based on where your wheels are pointing.

A few extra touches...

Alps Alpine Satellite Navigation

Handy for getting out of sticky situations. Like being outside of mobile range. Or forgetting your phone at home. It happens.

Tyre Deflation Warning System

Smartly monitors and compares the rolling radius in all four wheels, alerting you long before they become an issue.

*Available on e:HEV L only. #Google, Android and Android Auto™ are trademarks of Google LLC. To use Android Auto™ on your car display, you'll need an Android phone running Android 5.0 or higher, an active data plan, and the Android Auto™ app. ‡Apple CarPlay®, iPhone and Siri are trademarks of Apple Inc. CarPlay® and Siri requires iPhone 5 model and above running iOS 7.1 or higher.

Honda Sensing[†]

Honda
SENSING

Lane Keeping Assist System (LKAS)

Provides steering input to help keep the vehicle in the middle of a detected lane and provides audible and visual alerts if the vehicle is detected drifting out of its lane.

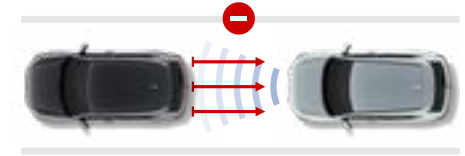

Lane Departure Warning (LDW)

When the vehicle enters the warning area, the LDW alerts you with slight steering wheel vibration as well as a warning display.

Forward Collision Warning (FCW)

Alerts you when it detects the possibility of your vehicle colliding with the vehicle in front of yours.

Collision Mitigation Braking System (CMBS)

CMBS is designed to alert you when a potential front collision is determined, as well as to reduce your vehicle speed to help minimise collision severity when a collision is deemed unavoidable.

Traffic Sign Recognition System

Reminds you of certain road sign information such as the current speed limit your vehicle has just passed through showing it on the gauge.

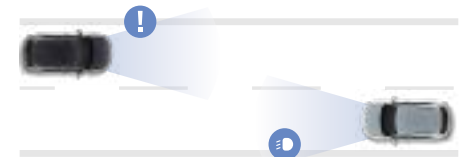

Road Departure Mitigation System (RDM)

Alerts and helps to assist you when the system detects a possibility of your vehicle unintentionally crossing over detected lane markings or approaching the outer edge of the road surface or a detected oncoming vehicle.

Adaptive Cruise Control (ACC) with Low Speed Follow (LSF)

Helps maintain a constant vehicle speed and a set following interval behind a vehicle detected ahead of yours and, if the detected vehicle comes to a stop, can decelerate and stop your vehicle.

High Beam Support System (HBSS)

Automatically changes your headlights from low to high on a clear road, and then back to low beam when an oncoming vehicle is detected.

[†]Honda SENSING technologies are driver-assist technologies and should not be used in place of safe driving practices. Drivers should continue to monitor the road at all times. The accuracy and operation of Honda Sensing technologies may vary based on weather, speed, traffic, road conditions, markings and other factors. Images used for illustration purposes only. Refer to the owner's manual for specific function and limitations.

Bringing safety to life.

With Honda Sensing and an array of intuitive safety features[^] at your disposal, the HR-V will help keep you safe in any situation.

Front and Rear Parking Sensors

Helpful sensors that let you know how much space exists between you and an object.

Rear Cross Traffic Alert (RCTA*)

Designed to assist by monitoring and alerting you to approaching vehicles from either side when reversing out of car parking spaces.

SRS Airbags

Front, side and curtain airbags are at the ready if you ever happen to get into an accident.

Blind Spot Information System*

Detects vehicles on either side in your blind spot. And if they get a little too close while you're indicating to merge, it'll alert you with a beep, too.

*For e:HEV L grade only. ^Refer to the owner's manual for specific function and limitations.

Vi X

Petrol

Key features:

- 1.5L DOHC i-VTEC 4-cylinder engine
- Power: 89kW @ 6600rpm
Torque: 145Nm @ 4300rpm
- Fuel consumption 5.8 L/100km†
- Honda Sensing suite of driver-assist technologies
- Advanced Display Audio (9-inch touchscreen) with Android Auto™# and Wireless Apple CarPlay®^
- Front and rear parking sensors
- Automatic dusk-sensing LED Headlights
- 18-inch Alloy Wheels
- Magic seats
- Alps Alpine satellite navigation
- Hill Descent Control (HDC)
- Multi-angle reversing camera with dynamic guidelines
- Climate Control
- LED Daytime Running Lights (DRLs)
- Variable Gear Ratio steering
- Rear privacy glass
- Tyre Deflation Warning System (DWS)
- 3 Drive Modes: ECON, Normal and Sport modes
- 7-inch Multi Information Display (MID)
- Electric parking brake with brake hold function
- Smart keyless entry with push button start
- SRS Airbags (front, side, and full-length curtain)
- Power windows with auto up/down function (driver)
- 4 speakers

e:HEV L

Hybrid

Additional features over the Vi X:

- 1.5 litre DOHC i-VTEC 4-cylinder Hybrid engine
- Power: 96kW @ 4000-8000rpm
Torque: 253Nm @ 0-3500rpm
- Fuel consumption 4.3 L/100km†
- Hands-free Power Tailgate with walk away close
- Heated leather-wrapped steering wheel
- Black leatherette and fabric seats
- Blind spot information system
- Auto rain-sensing front wipers
- Heated Front Seats
- Auto-dimming rear view mirror
- Dual-zone climate control with rear ventilation
- Front LED sequential turn signals
- LED Active Cornering Lights (ACL)
- Front LED fog lights
- Heated, hydrophilic, reverse auto tilt down (passenger side), and auto retractable door mirrors
- Acoustic & Water dispersing windscreen
- Intelligent Speed Limiter
- Rear cross traffic alert (RCTA)
- Steering wheel-mounted deceleration paddle selectors
- Heated windscreen
- Power windows with key fob operation (all windows remote down)
- Power windows with auto up/down function (driver and all passengers)
- 6 speakers

Joy is in the colours.
